

FAR-2 to straight road  
note 2x2 pattern

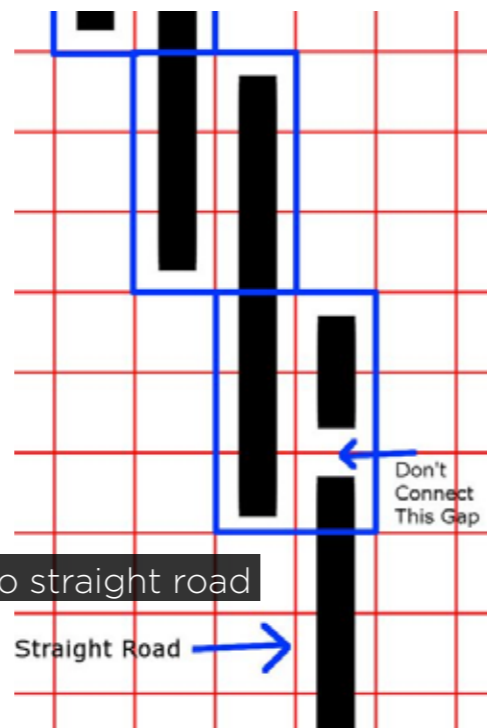

FAR-3 to straight road  
note 3x3 pattern

FAR-3 to straight long curve

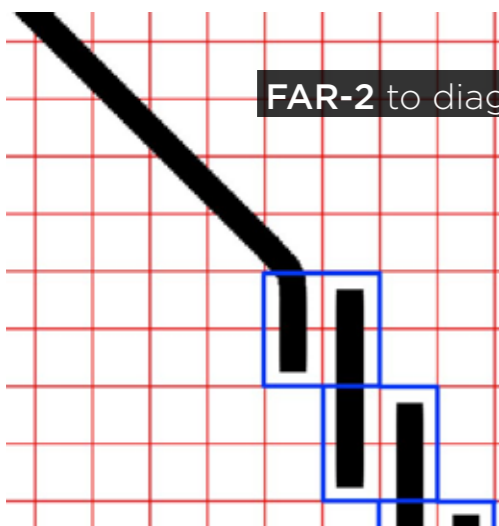

Transition from FAR-3 to FAR-2

FAR-3 curving into straight road

Straight Road →

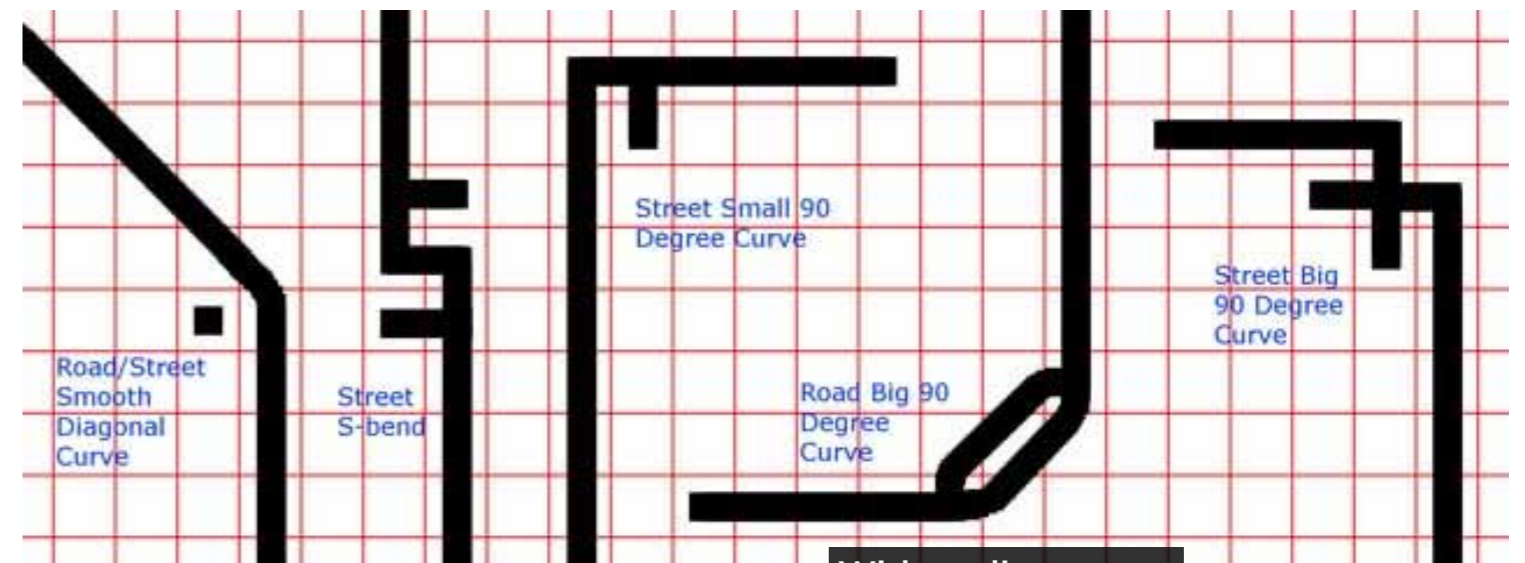

Don't Connect This Gap

FAR-2 to diagonal road

Draggable FAR only works with Roads as of NAM 32. The wide radius curves are labelled as to whether they apply to Streets or Roads. I think the wide 45 degree curve and maybe the 90 degree also work for One-Way Roads.

**DANGER, WILL ROBINSON! DANGER!**  
This is not a complete selection of things FARTastic. Out there on the interwebs exist more and wonderful FAR dragging options. Enjoy!

Wide radius curves
